## **EXAMINATION PROGRESS**

Please note once your child has taken this examination, he/she will then move up to the next class, where the subjects then become separate. They will then have the option of also studying Modern & Acrobatics. Most pupils tend to stick to Ballet & Tap and then sometimes start Modern or Acrobatics at a later date, but all pupils have the option of starting all 4 subjects if they wish. We do try to encourage the pupil's to keep up the Ballet subject as classical Ballet is the basis of all dance genre's, but this is entirely your choice.

Leading up to your child's exam if you could let us know which subjects you would like your child to attend, this will help us transition them with ease. It may be that you or they are little unsure as to which subjects they would prefer. If this is the case all pupils are welcome to a free trial week of whichever subject they would like.
